Candidate Endorsement

Kathy Barnette for Congress of PA 4th District

Oct 4, 2020

The Asian American Coalition proudly announces our endorsement of Kathy Barnette for Congress of PA 4th District

Kathy is a living example of American Dream. Kathy is a conservative, Black, mother, and wife. She is a veteran, a former adjunct Professor of Corporate Finance, a conference speaker, and a Conservative political commentator. She served her country proudly for ten years in the Armed Forces Reserves, where she was accepted into Officer Candidacy School.

Her corporate career includes working with two major financial institutions and in corporate America. Kathy sat on the Board of a pregnancy crisis center for five years. Kathy's amazing life experience allows her to support 2nd amendment, law and order and be conscious on the threat from China.

Asian American Coalition endorses Kathy because she has the depth and breadth of experience to assume this congressional seat. We strongly believe she is committed to serving and representing this district across all races.

Prior to our endorsement, Asian Americans thoroughly vetted our candidates through in-person meetings and interviews to ensure the endorsed candidate stands for our conservative mission, through which we promote traditional family values, American constitution, and a stronger and safer education system.
